WFHSS

WORLD FORUM FOR
HOSPITAL STERILE SUPPLY

COMBINED MEETING

10th

WORLD CONGRESS OF STERILIZATION

Preliminary Program

7-10 October 2009

**CRETA & TERRA MARIS CONFERENCE CENTER
CRETE, GREECE**

www.wfhss-gorna.creta2009.com

SCIENTIFIC PROGRAM

Wednesday, October 7th 2009

- 09:00-17:00 Arrival and Registration
15.00-17:00 WFHSS BOARD MEETING
20:30-21:30 OPENING CEREMONY
Keynote Lecture
The progress of the surgical instruments from the ancient times to today
Speaker: Stefanos Geroulanos
21:30 OPENING COCKTAIL

Thursday, October 8th 2009

PLENARY SESSION

Zeus HALL

- 09:00-10:00 **Lecture**
Topic: Dogmas in Sterilization
Keynote Speaker: Dominique Goulet, France
- 10:00-10:30 **Lecture**
Topic: Guidelines for the use of disinfectants in hospital setting
Speaker: Eleni Dobrou, Greece
- 10:30-11:15 **COFFEE BREAK**
- 11:15-12:45 **Session 1: CLEANING**
The relation between time and bacterial load on stainless steel
Duygu Percin, Turkey
Automated Medical Instrument Washers: To Clean or NOT to Clean?
Michelle Alpha, Canada
Test soils, cleaning indicators and protein residual tests in comparison
Tillo Miorini, Viola Buchrieser, Austria
- 12:45-14:15 **LUNCH**
- 13:15-14:15 **Workshops are taking place in the parallel meeting rooms**
- 14:15-15:15 **Session 2: CONTROL OF INSTRUMENTS**
Microscope assessment of surgical instrument cleanliness
Bill Keevil, United Kingdom
Function control of laparoscopic instruments
Fredy Cavin, Switzerland
- 15:15-16:00 **COFFEE BREAK**
- 16:00-16:30 **Lecture**
Topic: Disinfection of Waterline Systems in Health Care Facilities
Speaker: Emmanouil Velonakis, Greece
- 16:30-17:00 **Lecture**
Topic: Sterilization Programs, Air Removal and Steam Penetration
Speaker: Peter Hooper, United Kingdom

WORKSHOPS

- 13:15-14:15 **Workshop 1:** *Meeting Room 1*
ADVANCED STERILIZATION PRODUCTS
a **Johnson+Johnson** company
What's New in H₂O₂ Gas Plasma Sterilization?
Prof. Dr. Marianne BORNEFF-LIPP & Dr. Lionel PINEAU
- 13:15-13:45 **Workshop 2:** *Meeting Room 2*
ECOLAB
Introducing the revolutionary Solid System
Speaker to Be Announced
- 13:45-14:15 **Workshop 3:** *Meeting Room 3*
GETINGE
How T-DOC supports training of your CSSD staff and asset management –
A case study
Christian Winther
- 13:45-14:15 **Workshop 4:** *Meeting Room 4*

CISA Endoscope Reprocessing & CISA Technology for Standardised CSSD
Tyad Alamleh

Friday, October 9th 2009

09:00-10:30
14:00-16:00 Selected Oral Presentations will take place in Parallel Sessions Level 0

PLENARY SESSION

Zeus HALL

09:00-09:30 Lecture

Topic: Prion Inactivation

Speaker: Emmanouil Papadogiannakis, Greece

09:30-10:00 Lecture

Topic: Sterilization, Disinfection and Immune Compromised Patients in Health Care Facilities

Speaker: Asimina Zavitsanou, Greece

10:00-10:30 Lecture

Topic: Reprocessing of dental instruments and hand pieces

Speaker: Heike Martiny, Germany

10:30-11:15 COFFEE BREAK

11:15-12:45 Session 3: LOW TEMPERATURE STERILIZATION METHODS

Low Temperature Sterilization

Speaker to Be Announced

Pyrogenic risk in reusing SUDs: efficiency of plasma sterilization in removing endotoxins from electrophysiology catheters

Francesco Tessarollo, Italy

Basic study and clinical application for LTSF (Low Temperature Sterilization Formaldehyde)

Keiji Kanemitsu

12:45-14:15 LUNCH

13:15-14:15 Workshops are taking place in the parallel meeting rooms

14:15-15:45 Session 4: PERSONNEL SELECTION

From cleaning person to sterilization assistant: a talent management approach

Els Vanhoven, Valerie Coussement, Belgium

Wanted: Professional education for heterogenous group of CSSD staff: Yes, we can!

Goedele Baeckelandt, Belgium

15:45-16:30 COFFEE BREAK

16:30-17:45 Session 5: ENDOSCOPE REPROCESSING

Problems of infection and disinfection procedures for transluminal endoscopic surgery (NOTES)

Axel Eickhoff, Germany

Validation and Routine Control of Reprocessing Procedures for Flexible Endoscopes

Tillo Miorini, Viola Buchrieser, Austria

20:00-23:00 GALA DINNER

WORKSHOPS

13:15-13:45 Workshop 5:

Meeting Room 1

Visualization in real time of the progress of cleaning processes

Dr. Urs B. Rosenberg, Phd

13:15-13:45 Workshop 6:

Meeting Room 2

MIS instrument reprocessing in washer disinfectors and correct use of particular load carrier

Dr. Winfried Michels

13:15-14:15 Workshop 7:

Meeting Room 3

Greater concentration on cleaning chemistries

Anthony Pellicci

The Steam Penetration Test - Hollow and Porous - Is it possible?

Peter Newson

13:45-14:15 Workshop 8:

Meeting Room 4

LTSF-Secure sterilization of hollow lumen - the complete alternative

Stefan Runnström

Saturday, 10th October 2009

PLENARY SESSION

Zeus HALL

09:00-09:30 Lecture

Topic: Surgical and Central Reprocessing Units: How to challenge a win/win approach?

Speaker: Williem Olivier, Belgium

09:30-10:00 Lecture

Topic: CSSD vision on Joint Commission Accreditation

Speaker: Yaffa Raz, Israel

10:00-10:30 Lecture

Topic: Optimizing Sterilization Logistics in Hospitals

Speaker: Joris Van de Klundert, Netherlands

10:30-11:15 ADVANCED COFFEE BREAK

11:15-12:30 CLOSING CEREMONY
